

Men's Challenge Ladder

Fee: \$10/person

Challenge Ladder Rules

- The initial ranking of players on a ladder is random. New players are added to the bottom of the ladder. The challenger must contact the player challenged.
- The challenged player may select the time and location of the match; however, the time and location should be mutually agreeable to both players. The challenger is responsible for providing new tennis balls and reserving the court according to RA Tennis Court Rules.
- The standard rules of the USTA apply to ladder matches. The usual method of scoring is based on winning two of three sets, with a tiebreak at the end of any set that reaches a score of six games each. In the tiebreak, the first to win seven points wins the set, but must win by at least two points.
- The winner of the match is responsible for recording the results online at tennisengine.com within 24 hours of the match.
- The ladder listing is updated each time a new challenge match score has been entered. The rules will be interpreted and disputes between members will be settled at the sole discretion of the ladder coordinator.

Upon completion of registering, you will receive a password to the online ladder. Available at Shop RA under Adult Tennis Leagues.
