

## **Mixed Doubles Flight**

If you are looking to play more tennis with your partner, we invite you to join our Mixed Doubles Flight. Match results are used to sort the flight so everyone has a good, competitive match each week. You must have a partner to play in this flight; partners are not assigned. You are responsible for finding a substitute to play with your partner when you cannot play yourself. (All substitutes must be RA residents or Members). However, if both team members must miss a week, you are not responsible for a substitute team if you notify the flight coordinator in advance. This flight runs into the summer, so we expect that many teams will miss a week or two due to vacations and other activities. Specific guidelines on the flight are emailed to all registered participants before the first night of play. If you have any questions before then, please contact the tennis office at 703-435-6502 or email [tennis@reston.org](mailto:tennis@reston.org). There will be two flights that will run for 6 weeks each.
